

FULL SERVICE

Staffing requirements for full service events are established based on the complexity of an event –the extent of the menu offerings, the number of guests being served and are determined by Sandrino's / Best of Thymes.

There is a five-hour minimum for service engagements, which includes transportation to and from the event. Bartending fees are quoted and charged separately with the cost determined based on consumption and a four hour minimum for bartenders.

There is an additional planning fee for the coordination of a full service wedding.
